# Who is invited to Title Meetings?

Generally the students who are struggling the most with grade level expectations are invited to our Title meetings. By law we are asked to see the lowest 20% of our students according to grade level benchmark assessments. At times, we are able to see more students than this.

When teaching virtually, who we see has depended on who is available, and shows up, for our scheduled meetings.

With some grades, the students we see change a lot (kinders). Other grades, change occur as students make enough progress and “graduate out” of Title or as student needs change.
